In the July 11, 2022 edition of the *Wall Street Journal*, the main piece in the Personal Journal section was, " ... A

Survival Guide For Dealing With A Really Bad Boss".

It's a great read!

Without getting into it too much, (and risking taking away from Rachel Feintzeig's great writing), I have to ask: Is work getting better, or worse?

Most companies we've placed people with are either on the road to becoming employee-centric or are in-line for an HR rework altogether. The days of a very tough, out-of-line boss are over for most employees. So, if you're not being treated well – it's time to move on. Loved the line, "Life is too short to work for jerks."

If it's time for you to move on, please see our [Career Solutions](#) or Executive Coaching programs today and let us help you attune to your needs!

Or, if you' are with a great company that needs to hire, see our [Collaborative Search](#) program for help with executive recruiting.
